

A BETTER DUCKPIN BOWLING EXPERIENCE FOR GUESTS, MORE REVENUE FOR YOU

## What is Duckpin Bowling?

Duckpin is an exciting and fun bowling game traditionally played on a standard tenpin bowling lane using a smaller ball and unique bowling pins, called duckpins.

Invented in Baltimore in 1900, duckpin bowling became very popular throughout the northeastern United States and parts of Canada. Over a century later the lure of duckpin bowling continues to win many new fans making it a great opportunity for bowling operators and investors.

## Why Duckpin?

**Fun to Play.** It's a cool and exciting, fast paced game that appeals to consumers of all ages

**Consumer Friendly.** No special bowling shoes needed, one size fits all bowling ball

**Unique.** Great way to differentiate the bowling experience you offer

**Less Space.** Shorter lane lengths make bowling possible where space is a premium

**Anchor Attraction.** Perfect for bars, restaurants, clubs, hotels, and FECs to attract and keep customers longer

## Introducing Fly'n Ducks

With a legacy of over three decades providing duckpin bowling equipment QubicaAMF truly understands the game. Leveraging our experience and expertise we reimagined the traditional duckpin bowling format to better meet the needs of today's consumers and operators.

The result is Fly'n Ducks:

- A Better Duckpin Experience
- More Entertainment and Revenue
- Amazingly Simple Operation

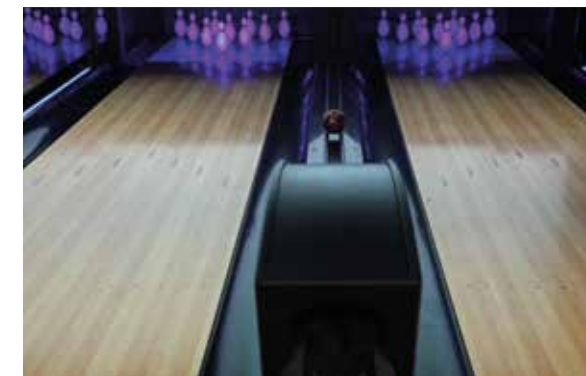

## A Better Duckpin Experience

Unmatched by any other duckpin system on the market, Fly'n Ducks makes duckpin bowling easier and more fun than ever for consumers to enjoy.

- ✓ **Convenient Ways to Get Rolling.** Deliver the Fly'n Ducks experience to your guests using front-desk guest check-in. Or go with stand-alone pay-at-the-lane operation using a game card swipe.
- ✓ **BES X Experiences.** Offer guests a variety of bowling entertainment and let them choose their preference. You decide the experiences to offer and guests conveniently choose their preference from a digital menu.
- ✓ **Durabowl Bumpers.** Give players an option if they need help keeping balls out of the gutter on longer lane lengths of Fly'n Ducks.
- ✓ **CenterPunch Pin Lighting.** Thrill players and drive engagement by illuminating bowling pins with effects that respond to on-lane events like strikes and spares.
- ✓ **Player Safety in its DNA.** Fly'n Ducks provides gentle and consistent ball delivery to the player. And optional lane side guards ensure any wild ball throws are contained.

## More Entertainment and More Revenue

Keep players entertained and engaged while driving more revenue. Fly'n Ducks uses BES X, the world's only Bowler Entertainment System. It also utilizes the Conqueror X management system to deliver powerful pricing and game management tools.

- ✓ **BES X Bowler Entertainment System.** Provide an endless variety of fun and skill games, in addition to the classic three-ball duckpin game.
- ✓ **Dynamic Pricing.** Maximize profits and save time by setting up Fly'n Ducks to automatically adjust game pricing based on the time of day, day of the week and holidays.
- ✓ **Flexible Game Length Formats.** Offer the traditional 10-frame format. Or increase throughput and maximize revenue potential during busy periods with our shorter 5-frame format.

Endless variety of fun and skill games through BES X

## Amazingly Simple Operation

Thanks to its robust design and innovative string pinspotting technology, Fly'n Ducks provides the best duckpin experience at the lowest possible operational costs, maximizing profitability.

- ✓ **Powered by the EDGE String Pinspotter.** The newest and most innovative string pinspotter in the world makes operation amazingly simple and ensures peace of mind.
  - **Simplest to Learn.** Anyone on your staff can learn to use it
  - **Best-Performing.** Its extremely reliable design plus tangle-minimizing technology keep guests rolling
  - **Lowest Maintenance.** A robust plug-and-play design that is easy to maintain
  - **Most Energy-Efficient.** Low voltage, high-efficiency gearmotors and electronics make the difference
- ✓ **Workplace Safety in its DNA.** Integrated guarding on the EDGE String pinspotters, rear operation and low voltage electronics create a safer work environment for employees.
- ✓ **Tech Wizard.** From a guest issue on a lane, to preventative maintenance that comes due, this smartphone-based app notifies your staff immediately, and provides step-by-step instructions and video guidance on what needs to be done – and fast.

## Lane Options and Upgrades

### CenterPunch Capping Lighting

Enhance the visual impact and guest experience. CenterPunch capping lights integrate with the CenterPunch pin lighting on Fly'n Ducks to deliver striking, coordinated lighting effects.

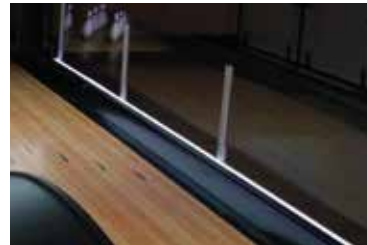

### Durabowl Bumpers

Player-selectable automatic bumpers are great for guests who need help keeping the ball out of the gutter. Available for the Three-Quarter and Regulation Fly'n Ducks lane lengths.

### Lane Side Guards

Made of strong transparent polycarbonate, these guards provide an unobtrusive barrier to ensure any wild ball throws are contained.

### Soft Duck Pins

Traditional hard duck pins are standard. Choose soft duck pins if a quieter experience is desired. They are also easier to topple, making them a great option if you want to provide a slightly easier experience for guests.

Soft Duck Pins

## Masking Options

Choose either the Fly'n Ducks Graphic Mask, with 30 design and color combination choices. Or deliver dynamic entertainment with the Fly'n Ducks Video Mask.

### Graphic Mask Options

Back Alley

Canopy

Champagne

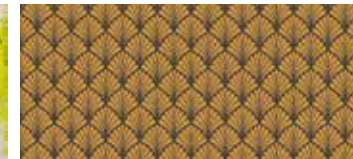

Chicago

Lattice Works

Malibu

Motif

Novelty

Reclaimed

Storehouse

Whisper

See the QubicaAMF website for all design and color options

### Video Mask Option

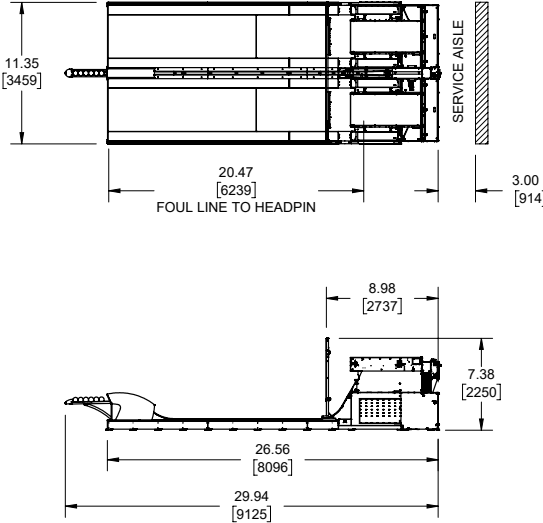

# Space Required - Standard Length Unit

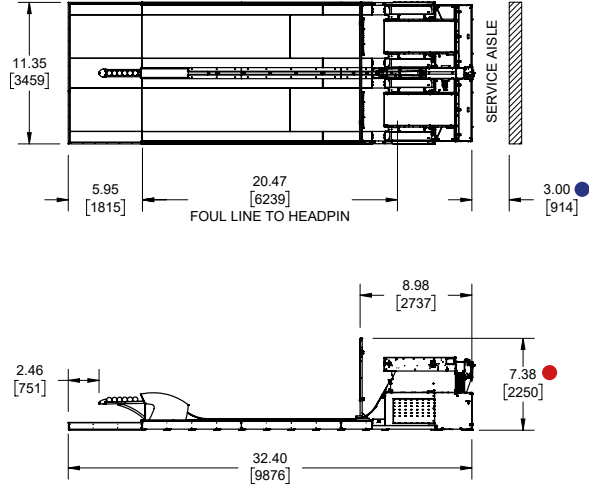

A lane pair of Standard Fly'n Ducks can be installed in space as little as 32'-3"L x 11'-4"W x 7'-6"H. This includes a 4' players area in the front and 1'- 8" minimum service aisle behind the machines.

Available with or without the traditional bowler approach platform. Foregoing the bowler approach platform saves additional space and provides ADA accessibility without the need for ramps.

Standard Fly'n Ducks, no Approach

Standard Fly'n Ducks, with Approach

- A 3' (914 mm) service aisle behind the machines is recommended. The minimum service aisle width is 1.64' (500 mm)
- The 7.38' (2250 mm) mask height shown is for the graphic mask. The video mask option requires 8.63' (2631 mm)

# Lane Length Options

Choose from 4 lane lengths starting with Standard and increasing in 12' increments up to Regulation – which is a full-size regulation duckpin bowling lane.

Length	Benefits	Bowler Approach (ft)	Lane & Pin Deck Surface (ft)	Overall Length (ft)
Standard	The smallest possible footprint and maximum revenue/square foot	No Approach	24	<b>30</b>
		6' Approach	24	<b>32.5</b>
Midway	A slightly more challenging playing experience than the Standard length	No Approach	36	<b>42</b>
		6' Approach	36	<b>44.5</b>
Three-Quarter	A more traditional duckpin experience in less space than the Regulation length	12' Approach	48	<b>62.5</b>
Regulation	The traditional, regulation-length duckpin bowling experience	12' Approach	63	<b>78</b>
		16' Approach	63	<b>82</b>

With Fly'n Ducks you'll deliver the best possible duckpin bowling experience for guests of all ages.

From the classic three-ball game to endless choices of fun and skill games available with the BES X Bowler Entertainment System, your guests will flock to this time-honored game.

And you'll be amazed how everything just works, thanks to a robust design plus innovative EDGE String pinspotting technology. You'll deliver better duckpin bowling at the lowest operational costs, maximizing profitability.

Fly'n Ducks will keep guests coming back for more - and you'll keep raving about revenue.
